

"With unity comes strength"

The Dotson Foundation will be embarking upon new journey in our efforts to maintain our current financial obligations to scholarship recipients, future recipients and to continually change the youth of today. We hope that you continue on this journey with us through you financial support. We are in the programming stages of our afterschool programs and park revitalization project. Yet, we have a long way to go and need your help even more.

Santana continues to assist inner city youth with college grants to continue their education. In April the SDF will celebrate 17 years of fundraising. All 17 of the years we owe to our benevolent sponsors. We have been blessed to award over 100 student scholarships and grants. It is very important to consistently show financially disadvantaged students successful athletes, entrepreneurs, entertainers, and corporations are concerned and willing to

help them achieve an education. The foundation allows Santana, with the assistance of benevolent sponsors to make a significant contribution. All proceeds from the weekend benefit the foundations mission of giving and programs. Remember, your donation is tax deductible.
